---

## Professional Summary

I'm a passionate Full Stack .NET Developer with a love for solving real-world problems through clean, scalable web applications.

With strong skills in ASP.NET MVC, C#, HTML, CSS, and JavaScript, I enjoy building platforms that make life easier.

As a Computer Science and Pure Math student at Minufiya University, I bring both logical thinking and technical ability to every project I work on.

I'm always excited to learn something new, collaborate with like-minded people, and turn ideas into working solutions.

Outside of coding, I value consistency, simplicity, and doing work that makes a real difference.

## Education

Bachelor's in Computer Science / Mathematics

Faculty of Science, Menoufia University (2023 – 2027)

Grade: Very Good

## Experience

.NET Trainee – DEPI Scholarship

Jun 2025 – Dec 2025

Menouf, Al Minufiyah

Currently enrolled in the DEPI training program to develop advanced skills in software development using the .NET stack.

Studying technologies like ASP.NET MVC, Entity Framework, SQL Server, and applying them in real-world projects.

Gaining hands-on experience with clean architecture, database design, and building full-stack web applications.

## Technical Skills

- C#, ASP.NET Core, Entity Framework

- JavaScript, HTML5, CSS3, Bootstrap
- SQL Server, LINQ
- REST APIs, Git, GitHub
- Visual Studio, VS Code

## **Projects**

### Student Management System

- Full-stack ASP.NET Core MVC app for managing students, groups, and attendance.
- SQL Server database integration.

### Task Tracker App

- Web app to manage daily tasks.
- Built using JavaScript and Local Storage.

## **Courses & Certifications**

### Full Stack .NET Developer – DEPI

July 2025 – December 2025

## **Soft Skills**

- Teamwork
- Self-learning
- Time Management
- Problem Solving

## **Languages**

- Arabic: Native
- English: Good
